Self-guided tours and Workshop/Cleanup Day at Russellville Oakland Cemetery

We are pleased to announce that Russellville Oakland Cemetery will be hosting their annual Self-guided Fall Tour and Decoration Day.

DATE: Sunday, November 15, 2020

TIME: 1:00 pm to 4:30 pm

Oakland Cemetery Staff will host a Clean-up Day, together with a small repair workshop on a number of plot walls. We would like to encourage our fellow citizens to volunteer to help work on this project.

Hand sanitizer, disposable gloves & masks, and “trash pickers” will be available. Volunteers will want to wear gardening clothing and protective footwear. Please bring work gloves, a shovel and a pry bar.

Cemetery staff will be with all groups. This is a team effort project so no one will work alone.

Community Service award letters will be available through the Director's office. To receive this letter, you must register with the Director or Cemetery Board Member on the day of the event. You will be clocked in and clocked out by the staff to qualify for up to 3.5 hours of community service.

A self-guided interpretive tour of the cemetery covering several local “celebrities” and interesting facts of the area. The community is always welcome to stroll the cemetery and discover local stories and see the art and symbolism of headstones.

There will be an information booth to assist anyone looking to locate their ancestors.

If you have questions or want to volunteer, please contact:
